William Fitzsimmons

I Don t Feel It Anymore
Diapo 6th.

Verses: **Am Em G D**
Chorus: **C G Am Em**

[Verse 1]

Am Em G D Am
Hold on this will hurt more than anything has before
Em
What it was,
G
what it was,
D
what it was

I ve brought this on us more than anyone could ignore
What I ve done,
what I ve done,
what I ve done

I ve worked for so long just to see you mess around
What you ve done,
what you ve done,
what you ve done

I want back the years that you took when I was young
I was young,
I was young,
but it s done

[Chorus]

C G D
Oh take it all away
Em
I don t feel it anymore
C G Am Em
Oh take it all away

[Verse 2]

(same as verse 1)

We ll fall just like stars being hung by only string
Everything,
everything,
Here is gone

No map can direct how to ever make it home
We re alone,
we re alone,
we re alone

[Chorus]

C **G** **D**
Oh take it all away
 Em
I don t feel it anymore
C **G** **Am** **Em**
Oh take it all away
