If You Would Come Back Home- Capo 4

There s room between your heart **Am C G**
And the chair where I ve been sleeping **Am C G**
The place that we called home **Am C G**
Will someday watch you leaving **Am C G**

There s room between today **Am C G**
And the last time that I saw you **Am C G**
The pictures in my brain **Am C G**
Will fade until I lose you **Am C G**

If you would come back home **Am C G**
We could start all over **Am C G**
If you would come back home **Am C G**
I swear it would be better **Am C G**

There s room left in the house **Am C G**
There s food still in the pantry **Am C G**
I could fix you lunch **Am C G**
Or take you out for coffee **Am C G**

If you would come back home **Am C G**
We could start all over **Am C G**
If you would come back home **Am C G**

Am C G

I swear it would be better
