Vultures
William Ryan Key
 [Intro]
Cm Eb Bb
[Verse 1]
Cm
I don t even miss you at all this time
Think I m finally letting these Vultures fly
Isn t like the first time, just tripped me down
Naked and bare boned
             Bb
Well look at me now
[Chorus]
                      Eb
You dig holes in your sacred ground
Wait to watch them circling around
Gm
But you re not here on some mission from God
               Gm
You re just making up for what you never got
Is it better to have had than to have not
[Verse 2]
Cm Ebm
Everyone is looking for alibis
                              Bb
Feeding on their answers with vultures eyes
Truth is still a potion you can t keep down
Guess you ll have to swallow it forever now
[Chorus]
                      Eb
You dig holes in your sacred ground
