While I m at it, here s another one I *think* I remember :-) Bare with me,
especially on the words. You d be amazed how hard it can be for a
non-native to actually understand all the lyrics of a song, even if your
english is pretty good. I admit having *guessed* at some of the words.

Heartaches of a Fool - Willie Nelson

G **G7** **C** **G**
Started out with the dreams, the plans of a wise man
Em **D** **G**
ended up with the heartaches of a fool

G **C** **G**
As a boy I walked through the valley
 D **G**
and gazed at the world all around
 G7 **C** **G**
made a vow that somehow I d find fame and fortune
Em **D** **G**
I found it look at me now

I had a sweetheart who would love me forever
didn t need her; I would reign all alone
look at me I m the king of cold lonely castle
the queen of my heart is gone

Get around me, you fools for a dollar
listen to me; a lesson you ll learn
well there s hapiness and love sent from heaven above
and the fires of ambition will burn
