**Willie Nelson**

Willie Nelson (Written By Lefty Frizzel) - Look What Thoughts Will Do

Chorus:

**F#**

Once I thought I loved just you

And I thought you loved me too

**C#7**

But just look what thoughts will do

**F#**

For today you say we re through

Now another wears the crown

And you think that you have found

**C#7**

Just what makes your world go round

**F#**

Watch those thoughts they ll get you down

If within your future years

Your new love should bring you tears

**C#7**

Then you ll think of me I m sure

**F#**

But those thoughts won t help you de(ar

(Repeat 1st Verse)
