

Maria Shut Up And Kiss Me
Willie Nelson

C F Dm G7 C F Dm G7
That s my favorite part to rewind my life on.

C F Dm G7 C F Dm G7
When my world got dark you turned my light on.

F C
I ve watched it for hours again and again in my head. I did.

G7
You said I was down on you more than I needed to be.

I say I m sorry but then you think I m lying.

C F
Maria, shut up and kiss me.

Dm G7
Stop shaking, stand up and hold me.

C F
I bet you re gonna miss me.

Dm G7
You need me, believe me.

C F
Maria, shut up and kiss me.

Dm G7 C F
You re crazy and it turns me on and on

Dm G7
The way you re carrying on.

C F Dm G7 C F Dm G7
Well that s my favorite shirt you always had on.

C F Dm G7 C F Dm G7
And it sure looked good every time you walk on.

F C
You ve taken the wind from me every chance that you could. You re good.

G7

Some things I can't explain tell me lately I've changed.

You'll feel better, tell me why are you crying.

C F

Maria, shut up and kiss me.

Dm G7

Stop shaking, stand up and hold me.

C F

I bet you're gonna miss me.

Dm G7

You need me, believe me.

C F

Maria, shut up and kiss me.

Dm G7 C F

You're crazy and it turns me on and on

Dm G7

The way you're carrying on.

Bridge:

F C

Maria, Maria, can we talk it over instead?

F C

Let's call it even and leave it alone, come to bed.

F C

Maria stop leaving, your teasing is beating me down.

G7

Maria just calm down. In these situations I've found

It's best not to be proud and say that you're sorry.

C F

Maria, shut up and kiss me.

Dm G7

Stop shaking, stand up and hold me.
