Come up to meet you, tell you I m sorry
You don t know how lovely you are
E6          A                      E7M
I had to find you, Tell you I need you
Tell you I set you apart
E6          A                      E7M
Tell me your secrets, And ask me your questions
Oh, let s go back to the start

E6          A                      E7M
Running in circles, Coming up tails
Heads on a science apart

 Nobody said it was easy,      It s such a shame for us to part  
 E6            A                            E7M  
 Nobody said it was easy,      No one ever said it would be this hard

Oh, take me back to the start

E6            A                            E7M  
 I was just guessing, At numbers and figures  
 Pulling the puzzles apart

E6            A                            E7M  
 Questions of science, Science and progress  
 Don t speak as loud as my heart

E6            A                            E7M  
 Tell me you love me, Come back and haunt me  
 Oh, and I rush to the start

E6            A                            E7M  
 Running in circles, Chasing tails  
 Coming back as we are

E6            A                            E7M  
 Nobody said it was easy,      Oh It s such a shame for us to part  
 E6            A                            E7M  
 Nobody said it was easy,      No one ever said it would be this hard
