Angel Eyes
Willis Alan Ramsey

Willis Alan Ramsey recorded one classic album on Leon s Shelter
 records back in 73 or 74. The album has been reissued on CD.
 W A Ramsey is still giggin ya gotta see im.

The | is a bar line and / is a beat within a measure that
 designates playing the same as previous chord. No bar lines
 means the chord will get an entire measure s time. Two
 chords per measure split the measure exactly in half. W.A.
 actually plays in different tunings, these changes are really
 implied voicings.
I usually play those first chords:
  A   X07650
  E6   X06450
  Da9   X04230
  E   022100
  F#-7 044220
  G-6   055330
  E7   076750

A ballad

A   **E6**/**G#**
Look in any corner
Da9/**F#** |**E F#**-7 **G**-6 **E7**/**G#** |
Look in any place
A   **E6**/**G#**
Look in any city
Da9/**F#** |**E F#**-7 **G**-6 **E7**/**G#** |
