Missoula Willis Alan Ramsey Willis Alan Ramsey recorded one classic album on Leon s Shelter records back in 73 or 74. The album has been reissued on CD. W A Ramsey is still giggin ya gotta see im. The notation is as follows: the numbers correspond to the key scale notes. In the key of A, 1 = A; 2 = B; b3 = C where 3 = C#, etc. The extensions are 1dom7 = A7; 1j7 = Amaj7; 1- or 1-7 = Am or Am7. No extension makes the chord simply a major triad. The  $\mid$  is a bar line and  $\mid$  is a beat within a measure that designates playing the same as previous chord. No bar lines means the chord will get an entire measure s time. Two chords per measure split the measure exactly in half. W.A. actually plays in different tunings, these changes are really implied voicings. 6/8 time intro: 1 [2X] 1dom7 1 Searchin^? for the sunlight 2-7 1 On this winter^?s day 3- |6-|1 But here in ol^? I met a girl named Rosie

```
2-7
Sweet as she could be
|1 3- |6-
But I guess that Rosie
She didn'?t have eyes for me
                1dom7
Time waits for no one
     2-7
Lord, why did I hesitate
                       1j7
And it^?s goodbye to ol^? Missoula a day too late
Clouds that hang on the mountain
They make me lonesome inside
And these four walls surround me
Leaving no place to hide

Goodbye Rosie you^?ll never know
Time tells my love will pass
But if I just remember your smilin^? face
That^?s all of time that I ask
Show in this town is over
Maybe just never began
And it^?s goodbye to ol^? Missoula done all that I can
        1j7

And it^?s goodbye to ol^? Missoula
