She`s got a heart of stone that cares for nobody  
**D F#m**  
lips as sweet as cherry wine  
**A F#m**  
and you`re addicted so very quickly  
**D F#m**  
you just have to look into her eyes

Chorus:

**A E F#m**  
She`s an assassin of love x2  
**A E B**  
ooh ooh ohh x2

you need her in your waking hours  
you call her name all through the night  
sorrow is your constant companion  
an empty heart with nothing left to fight

Chorus

what`s happened to you  
do you remember a memory has gotten down ? ( not sure about this line )  
look all around you you`ve been swallowed  
too weak to fight as you`re drowned in  
like a moth oh so truly  
to a flame it closely flies

all the blossoms open slowly  
and from the trees so quickly die

Chorus
