Intro: A E

A
You maybe far away
E A
Or just maybe down the street
A
I hear every sound that you make
E A
And every time that your heart beats
E A
Youre there in every dream I dream
E D E
Youre there in every breath I breath
E A D
Youre there even while I sleep
D A
even while I sleep....etc

You got some kind of magic charm
You got some unearthly ways
I try to hold on so thight to my heart
But at night, I still see your face
Youre there in every dream I dream
Youre there in every breath I breath
Youre there even when I sleep
Even when I sleep
Even when I sleep
Even when I sleep

Youre there in every dream I dream
Youre there in every breath I breath
Youre there even when I sleep

You maybe far away

Or just maybe down the street
I hear every sound that you make
And every time that your heart beats
You're there in every dream I dream
You're there in every breath I breathe
You're there even when I sleep
Even when I sleep
Even when I sleep
Even when I sleep
