Heaven Stood Still - Mink DeVille

Am G F E

Am  
As a tear fades away

G  
And the dawn dries a lover's eyes

G7  
No more tears, they're all gone

Am  
Just believe this will always be

Am  
My heart in your hand

G  
Knows that all this belongs to me

G7  
And like a child, here I stand

Am  
While your heart sings inside of me

F C  
One dream of my life, one night in eternity

G F Am  
The wind whispered soft to me and heaven stood still

F C  
One side of the dawn knows that all this belongs to me

G F Am  
One celestial rhapsody and heaven stood still

Am G G7

Just believe this always will be

One dream of my life, one night in eternity
