--\* verse \*--

**Em**  
The sun don t set in Gettysville

**C**  
The place that I call home,

**Em**  
A thousand people walk these streets

**C**  
But we re still all alone,

**Am**  
This city s isolation

**C** **B7**  
Like the drug that paves the roads.

**Em**  
Take the subway uptown

**C**  
To my mother s place.

**Em**  
She s got a thousand friends

**C**  
But all they know of her s, her face,

**Am**  
All alone inside her head

**C** **B7**  
Her thoughts begin to race.

--\* Chorus \*--

**C**  
Live it up

**Em**

Live it up they sa-ay

**C**

Live it up

**Em**

No time to waste your life away.
