Chickamauga

```
Willy Tea Taylor
[Verse 1]
Down by this creekside is as far as I ll be goin
Layin halfway in the water, I can feel the water flowin
[Chorus 1]
I feel my heart poundin and I m blinded by the smoke
But I swear I see you comin my way in a boat
You pick me up and we row down together
You pick me up and we row side by side
Now I m turnin the waters red, here at Chickamauga
And it s time that this young man will die
[Verse 2]
Your skin is the softest thing I ve ever known
                  F
                          C
Your face is the prettiest one in Ohio
Your tears fell and mingled with the pourin down rain
You were my first kiss, my last kiss, then I hopped on that train
[Chorus 2]
Off to D.C. where the boys go out fightin
Little Sam and ol Charlie Watson by my side
Couldn t wait to be absorbed in all that glory
We were to young and we were to swift to die
[Instrumental:]

[Verse 3]
Kept all your letters right next to my heart
