Wintersleep  
Saving song  
Helloo Hum

Strum C through intro

**C** **Am**  
I d like to sing a saving song  
**F** **C**

But wisdom slashed me and thrashed and lashed me

**F** **Am**  
And burned my eyes, all my disguises

**F** **C**  
My alibis, my make-believe

**F** **Am**  
My evil deeds, they course right through me  
**F** **C**

They course right through me, they course right through me

**C** **Am**  
A song of songs to right the wrongs  
**F** **C**  
But wisdom tied me and broke my body

**F** **Am**  
And burned my eyes, all my disguises

**F** **C**  
My alibis, my make-believe

**F** **Am**  
My evil deeds, my memories

**F** **C**  
They course right through me, they course right through me

**F**  
Song to sing my life

I won t hide away, i won t hide away my time

**Am** **G** **F**  
Time will run away, i won t run, i m by your side

Burn the night away, burn, the nights are burning bright

My saving eyes

(Strum **C**)

**F** **C**  
Oh my darling, you never told me

If i come home bloody, if i come home bloody
