

**Paradise What About Us
Within Temptation**

I tried to come up with this as soon as possible since I heard the song so it might need some corrections. Feel free to post them below!

Em

There's no sense, the fire burns

C

When wisdom fails it changes all

D

Am

G

The wheel embodies all that keeps on turning

Em

Blood red skies, It feels so cold

C

No innocence, we play our role

D

Am

G

The wheel embodies all where are we going

G

C

Em

All in all you'd expect the wise to be wiser

Em

Fallen from grace

G

C

All and all I guess

C

D

G

We should have known better, 'cause

G

Em

What about us?

C

Isn't it enough,

D

Am

No we're not in Paradise

Em

This is who we are

C

This is what we got

D

Bm

No, it's not our Paradise

C

But it's all we want,

Em

D

Bm

And it's all that we're fighting for

C D Em

Though it's not pa-aradise

Em

You and us, or I and them

C

There comes a time to take a stand

D

Am

G

The wheel is watching all, it keeps on burning

Em

The venom works, it's like a curse

C

A Trojan horse, when will we learn?

D

Am

G

The wheel embodies all, that keeps returning

G

C

Em

All in all you'd expect the wise to be wiser
