Put you in it, now you tweaking  
I can have you for the weekend  
Rolling up and going up  
I m smoking weed and pouring up

I take your legs and fold em up  
I take my time, I break it down  
I tell you not to make a sound  
I take that KK and pass it round  
Your clothes keep dropping to the ground

So don t let me down  
You made those promises  
Don t take em back now  
Don t let me down  
Do all the things you said that had me going

Let s get caught in the moment
