Wolf Parade

E **G#m**
Time after time you will forgive me
G **B**
Like an animal in your care
E **G#m**
But give it time. You will outlive me
G **B**
And take the bow back you put in my hair
E **G#m**
Made a parade of myself in the street outside your house
G **B**
For the New York photographer there
E **G#m**
I fell for crime and I fell for beauty
G **B**
I fell for you because you re the one that cared

C **G**
And when I die you can put on costumes
Em **Em**
In the style of the clothes I wore
C **G**
And sing the songs your lover taught you
Em **Em**
When you were too young to know that this was what they were for.

C **G** **Em** **Em** (riff at bottom)
La la la la. La la la lala. lalala
C **G** **Em** **E**
La la la la. La la la lala. lalala

E **G#m**
Like some dead relative, you will remember me most
G **B** **E**
by my funeral and all the beautiful toasts you made
G#m **G**
Take back the spade. We ve both been filling up our days
B
like we were filling in a grave
