Title: I'll Believe in Anything
Artist: Wolf Parade

C
Give me your eyes, I need sunshine

C
Give me your eyes, I need sunshine

Am **G**
Your blood, your bones

F **Fm** **C**
Your voice, and your ghost

C
We've both been very brave
Walk around with both legs
Fight the scary day
We both pull the tricks out of our sleeves

Am **G**
But I'll believe in anything

F **Fm** **C**
And you'll believe in anything

Am **G**
Said I'll believe in anything

F **Fm** **C**
And you'll believe in anything

C
If I could take the fire out from the wire
I'd share a life and you'd share a life
If I could take the fire out from the wire
I'd share a life and you'd share a life
If I could take the fire out from the wire

C **Am** **G**
I'd take you where nobody knows you

F **Fm** **C**
And nobody gives a damn

Am **G**
Said nobody knows you

F **Fm** **C**
And nobody gives a damn

F
And I could take another hit for you

G

And I could take away your trips from you

C

And I could take away the salt from your eyes

Am

And take away the spitting salt in you

F

And I could give you my apologies

G

By handing over my neologies

C

And I could take away the shaking knees

Am

And I could give you all the olive trees

F

Oh look at the trees and look at my face

G

And look at a place far away from here

C

C

Give me your eyes, I need sunshine

C

Give me your eyes, I need sunshine

Am **G**

Your blood, your bones

F **Fm** **C**

Your voice, and your ghost

C

We ve both been very brave

Walk around with both legs

Fight the scary day

We both pull the tricks out of our sleeves

Am **G**

But I ll believe in anything

F **Fm** **C**

I d share a life and you d share a life

If I could take the fire out from the wire
