Stop listening to your friends

They just want your man
Misery loves a little company

Don't feed into them lies

Want you by my side
Why is it so hard to trust me?

Let go of your fears girl

Promise I'll be here girl
I won't let your heart skip a beat

I'll take care of you if you take care of me girl
Won't ever leave you lonely

Love me like money Love me like cars
Love me babe love me babe wherever you are

Love me up close Love me from afar
Love me babe love me babe wherever you are

Love me like money Love me like cars
Love me babe love me babe wherever you are

Hold me like diamonds Treat me like a star
Love me babe love me babe wherever you are

Seen a little sunshine, seen a little rain
