

It s almost enough to make you believe  
A flower can blossom from every bad seed  
It s almost enough to make you believe

VERSE 3

Every day more and more casualties  
The old man sniffs and turns off his TV  
At the start of every day he raises a flag in his yard  
At the start of every baseball game his hand s on his heart  
He knows more about war than you and me  
Lost some fingers and some friends on a beach in Normandy  
Nothing gonna take his love for his country  
It s almost enough to make you believe

CHORUS 3

Well it s almost enough to make you believe  
It s almost enough to make you believe  
Every war we fight is to keep us free  
It s almost enough to make you believe

Well it s almost enough to make you believe  
It s almost enough to make you believe  
It s not enough for you and it s not enough for me  
It s almost enough to make you believe
