Gingerbread Man

VERSE 1

Bm
Sometimes I think "I've gotta change or something's gonna give"
I hope I never have to pay for all the wrong I did

I hope I never have to pay for all the wrong I did
There are those who cut cherry trees and couldn't tell a lie
Bm **A** **Bm**
I cut down a redwood and I blamed another guy

CHORUS

Bm
In this town they want to see me dead
In this town they want to see me dead
In this town they want to see me dead
Bm **A** **Bm**
But they can't catch me because I'm gingerbread

VERSE 2

My hands are bloody but I never punched a clock
I've been prying jewels from a dead man's watch
My friends say I'm misunderstood
But I know they'd run me down if they could

BRIDGE

E
"He's no good." I've heard it said
Bm
"Worthless, useless, poorly bred."
E **A** **Bm**
that hits the nail right on the head
E
I've shed blood on sacred ground
Bm
I heard that sheriff's coming around
E **A** **Bm**
Oh lord, I'm sinking down

VERSE 3

Outlaws never live so long I think my time is near
I regret all the pain I caused my mother dear
But if I had a bullet for all the folks I d wronged
I d shoot them in the belly and watch them suffer on
