VERSE 1

I donâ€™t want to live in fear of thorns and nails  
I want to go skyclad with pagan females  
I donâ€™t want to be the man on the soapbox  
I want to go skyclad on the equinox

Chorus

I want to go skyclad  
I want to go skyclad  
I want to go skyclad with all of you

VERSE 2

Well you fellas want to lock it up in a cotton prison  
Well I had my vision and I made my decision  
I donâ€™t want to be the fat man in charge  
I want to go with the blood ticks out in my yard
