Standard Tuning

Creature of Habit

(G)i went to jail in houston in 1993  
when i got out a month later they handed 60 bucks to me  
(C)i took that 60 dollars to a small and dark hotel  
i said one (G)bedroom for the night sir please your best non-smoking cell  
(D)creature of habit from the (C)black lagoon of (G)death  
and i can (D)sit out now and (C)well as i can taste your (G)breath

(G)at the restroom at the bp i m taking out my key  
pull out the baby changing table and do a big L I N E  
and (C)it s gonna be alright and it s gonna be okay  
i m (G)selfish and i m stubborn but i confront this everyday  
(D)creature of habit from the (C)omniverse of (G)fear  
no (D)band t-shirt mating calls no (C)honing devices and (G)bitter beer

(G)it s amazing what you can learn and it s crazy what you can believe  
drinks away with strangers and in-flight magazines  
(C)sometimes it s just good to hear the music from the other side of the room  
sometimes you (G)just need prospective and a different point of view  
(D)creature of habit on the (C)speed dial of the (G)wretch  
(D)coke dick, whiskey shit, (C)son of some unknown (G)bitch

all right....
