Standard Tuning

Portrait in the Clouds.

[E]Gods portrait in the [A]clouds
I am blood thirsty no [E]more.(2x)

And the I [A]try to keep traces
on the people and places I
I ve [E]imagined but have never known or seen

Oh the [A]better just to let it go
and just pretend you ll always know.
the [B]ways the words to sing it will be so

Gods portrait in the clouds
I am blood thirsty no more.(2x)

And I try to keep a record of the
the transcendental second and
I hope I can recount each one with ease

Oh but better to just let it go
and look to what is next to know
the way the words to sing it will be so

Gods portrait in the clouds
I am blood thirsty no more.(2x)

And to the mother and pearl
and her little girl pearl
and the husband and mother or pearl
who is the the father of pearl
is the daughter of her father
and the daughter of mother of pearl
