

Wasteland
Woodkid

Gm **F** **A#** **Gm**
Most of my sweet memories were buried in the sand
Gm **F** **A#** **Gm**
The fire and the pain will now be coming to an end
How did you get to save me from this desolate wasteland
In your eyes I see the dawn of brighter days again.

And these chords are used throughout the whole song. It s probably not how it s really played, but it sounds pretty close to me.
