Verse 3: [use verse 1 chords]

When I fall, fall, fall, it takes me really now to know

A time at all

And when you stall, stall, stall, it's never really quite as I'd hope
I'd never know

What reasons make, bumped you in from the cold

When it's no, no, no, no way, no way, no way is that go

It's over, it's over, I know

Chorus 1: [use verse 2 chords]

Get your way, deep salute, clear a path, only for me

Favorite cat, open and free, dig in the ground

Black one's soul

Bridge 1 chords:

D **A** **D**

Thru the light, stone comes relief

G **D**

Wait and see, you're never gonna guess

G **D** **A**

But I feel I'd rather be with you

D **A** **D**

As it grows, ground opens up

G **D**

Crowd of trees building a nest

G **D** **A**

And I feel I'd rather be with you
