Favorite cat, open and free, dig in the ground

Verse 4:

And then you came, came, came, way back from the weight that you wear
It never went
And when it rained, rained, rained, we stayed inside
And hoped you for the best, in case its rests
When the forests came, closed outside in it s hands
So we ll wait, wait, wait, until the undergrowth runs us away
Runs us away, and takes us back in where we wait

Outro: [use Bridge 1 chords]
Thru the light, stone comes relief
Wait and see, you re never gonna guess
But I feel I d rather be with you
As it grows, ground opens up
Crowd of trees building a nest
And I feel I d rather be with you
