

When he plays the Am chord, he seems to remove his finger to alternate between Am and A7.

Chorus :

**F**                    **Am**        **F**                    **Am**  
Military madness is killing the country

**F**                    **Am**        **F**  
Solitary sadness creeps over me

Bridge:    **C**        **Am**        x2

Verse:

**C**                                    **Am**  
After the wars are over and the body count is finally filed

**C**                                    **Am**  
I hope that the man discovers what s driving the people wild

Chorus:

**F**                    **Am**        **F**                    **Am**  
Military madness is killing your country

**F**                    **Am**        **F**  
So much sadness between you and me

Outro:    **C**                    **Am**            (continue until end)
