

**Rain On
Woods**

Intro **Em, G, C, G**

Em **G**
Wasting time, Annie

C **G**
Knew you could

Em **G**
Breaking ties, while they

C **G**
Thought he should

Out of line
But the damage is done
Doing fine
Under a setting sun

C **G**
And it feels like it should today

Em **G**
Falling back on a better place

C **G**
You wouldnt hide awhile

Em **G**
If you knew it for two more days

I wont shovel through
All the shame that led me too
You wouldnt pass it off

I wouldnt hide the face
Take it back from anywhere
Oh, just to take it off
Falling back but hes not there

Em **G**
How the days will rain on you
C **G**

Em **G**
Oh, how the days will rain on you
C **G**

And it feels like it should today
Falling back on a better place
You wouldnt hide awhile
If you knew it for two more days

I wont shovel through
All the shame that led me too
You wouldnt pass it off

How the days will rain on you

Oh, how the days will rain on you

Oh, how the days will rain on you

Oh, how the days will rain on you
