

Ship Of Fools
World Party

intro: **Dm**

Dm
We re setting sail
To the place on the map from which no one has ever returned
drawn by the promise of the joker
and the fool and by the light of the crosses
that burn drawn by the promise of the woman and the lace
and the gold and the cotton and pearls
it s the place where they keep all the darkness you need
you sail away from the light of the world on this trip baby

Avarice and greed are going to drive you over the endless sea they
will leave you drifting in the shallows or drowning in the oceans
of history travelling the world, you re in search of no good but
I m sure you ll build your Sodom like you
knew you would using all the good people for your galley slaves
as your little boat struggles through the warning waves but you don t pay.
