

**Thank You World
World Party**

Thank You World

(Play the G in the 3rd fret as a bar chord)

G

Colours, scents and symphony
Fall on me like tears.

Fm

And time around me stretches back

G

And forth across the years.
Was I sent to see your beauty

Fm

Just to please my aching heart.
Well I want to say good morning

G

But I don't know where to start.

Fm

Thank you World.

G

Thank you World

G

Well I'm lying in the des
And I'm staring at the stars.

Fm

Yeah, she laid me down this blanket,

G

Now I call this blanket grass

G

And the sun is my alarm
And the moon she makes me sleep

Fm

And my food is wild honey pie

G

And water from the stream,

Fm

Thank you World

G

Ah Thank you World

Fm

Thank you World

G

Ah Thank you World

Fm

For giving me my children

G

For giving me live

Fm

Thank you World

G

Thank you world

Yeah Yeah Yeah

Are you getting the vibe?

Yeah Yeah Yeah

Are you really alive?

Ah Thank you World

She is everything I need

She is living guaranteed

She s what I mean when I say

Everything s alright.

She s got diamonds, she s got pearls

She got wisdom

And this girl is all you need

To know that everything s alright

And I need to know that everything s alright.
