Wreckless Eric - Reconnex Cherie

by: Steffan (steffan_ramone@Hotmail.com)

Really cool song, real easy too.
this is not the album version, but this is how he plays it live
For the album version just move up half a note

On a [E] convenient seat by the lavatories
In the [B] sodium glare
We used to [E] wait for the bus in a passionate clutch
And go as [B] far as we dared
Do you [A] remember
When I passed my [E] driving test
[B] Took you to the pictures
Forget the [E] rest
Do you [A] remember
All those nights in my [E] Zodiac
[B] Playing with your dress
Underneath your [E] Pac-a-Mac

[B] Reconnex Cherie
Quand nous avons vive en [A] ecstasy [E]

And then a voice from afar in the back of my car
Whispered Gay Paris
And looking ever so French the bohemian dream
You said bonjour mon ami
Do you remember
When I moved into my studio flat
Hot sticky nights
In the summertime in bedsitland
Do you remember
When you sold your paintings in the gallery
And they said mais oui ce soir,
C est la vie c est le tricolor
