You are, thy only thing I need, To get by, To get by.

[This pattern continues throughout the whole song!]

Yeah, I spend a little change on you,
But you always give it back,
Cos I know you aint here for the money,
You just wanna see me be the man,
So I earnt my respect like a true gentleman,
All rumours where capital E relevant.
We should get three two emblems,
And I ll give my life to you that s a street settlement.

Yeah, I feeling ever so emotional,
Cos I never had nothing when approaching you,
Sitting with a straight face on a poker move,
That s why a song like this has been over due,
Due over time,
Time over,

Love drunk you and I would die sober.
I m in this for forever and a day,
That s why anywhere I go, they got to put you on a plane.

So don t go (don t go),
Don t leave (I tell you don t leave),
Please stay (I tell you please stay,
With me (Stay with me),
You are thy only thing I need (Ah Yeah),
To get by (To get by),
To get by (Till we get by)

Uh, See I swear, I aint ever seen a sky so clear,
Together were gonna make history,
Why would you wanna be elsewhere?
See I swear, I aint ever seen a sky so clear,
Together were gonna make history,
Why would you wanna be else where?

Don t go leave me now,
Don t go leave me now.
Stay right here, and turn my darks day in to light years imma shine yeah.
Don t go leave me now,
Don t go leave me now.
Loosing you is one of my fears,
But I aint selfish I ll share, if I have to.

So don t go (don t go),
Don t leave (I tell you don t leave),
Please stay (I tell you please stay,
With me, (Stay with me),
You are thy only thing I need (Ah Yeah),
To get by (To get by),
To get by (Till we get by).

So don t go (don t go),
Don t leave (I tell you don t leave),
Please stay (I tell you please stay,
With me, (Stay with me),
You are thy only thing I need (Ah Yeah),
To get by (To get by),
To get by (Till we get by).
