

Heaven And Hell
Write This Down

Chorus:

G

I can't keep my eyes open,

D

And you just wanna talk,

Can't this wait till the morning,

Em

Just wait till the morning,

Where bright lights abound,

D

And a conquering spirit returns,

C

To this hollowed out cavity. (Repeat)

Bridge:

Em

So hold your breath,

C

Hold your hands tight to your chest,

G

It's like heaven and hell meeting

D

Daug

Under your bed once again. (Repeat)

(Chorus)
