WSTR

[Intro]
C#m A F#m
C#m A F#m A
A F#m

[Verse 1]
      C#m   **B**
Is this a riot or a crisis or a little bit of both?
    A   **B**
Are we laughing? Are we crying? Either way I hope we choke
       F#m
All the futures we re denying cos there s no such thing as hope
      A   **B**
It goes on and on and on
                   C#m
A
But all the bright lights are still flashing on the pretty people acting on the movie screens

And I m still looking for

[Chorus]
E   **A**
Clarity, clarity, can anybody offer me honesty?
                      C#m   **A**
Don t tell me who I want to be, cos all I need s Identity

(Woah-oh-oh)
E   **A**
Bury me underneath the weight of your conformity, it s killing me
          C#m   **B**
So give me a name, I ll figure it out
        A   **B**   **C#m**
String me up, don t let me be another face in your crowd
          B
Don t wanna be (no!)
               A
A part of your crisis

[Spoken]
A
Is this thing on?

[Verse 2]

```
        C#m                           A
With the filters applied, the anxiety dies
          F#m
For the thousands with quick fix wool over their eyes
        C#m        A                    F#m                      A
And I, won t say I m surprised when they search for some meaning and question
their lives
        C#m                           A
Your gated community s under scrutiny
              F#m                          A              B*
But with a wrecking ball we ll expose you all for the whole world to see

(So won t you give me some)

[Chorus]
E                          A
Clarity, clarity, can anybody offer me honesty?
                    C#m                        A
Don t tell me who I want to be,  cos all I need s Identity

(Woah-oh-oh)
E                               A
Bury me underneath the weight of your conformity, it s killing me
            C#m                  B
So give me a name, I ll figure it out
          A              B                    C#m
String me up, don t let me be another face in your crowd

Don t tell me who I want to be,  cos all I need s Identity

(Woah-oh-oh)
