Capo 2nd Fret

C **F**
Sometimes I like to think about
C **F**
the stars that cover you.
Am **G**
How they burn out one by one
Am **G**
until another day is through.
C **F**
You came by when I was sleeping
C **F**
to unveil your newest plan.
Am **G**
We could get to know each other
Am **G**
in the back seat of your van tonight.

Chorus:

Am **G**
Angels sing around you
Am **G**
in a chorus all night long,
Am **G**
and you transcribe their expressions
Am **G**
in the morning with a song about it.

C **F**
A little swallowed hole and spat back
C **F**
up on solid ground.
Am **G**
I m the Jonah at the party
Am **G**
and you re nowhere to be found.
C **F**
So it s you and me St. Patrick s day
C **F**
and our unlikely plan.
Am **G**
We could get to know each other
Am **G**

in the backseat of your van tonight.
