Capo 2nd Fret

**C** **F**  
Sometimes I like to think about  
**C** **F**  
the stars that cover you.  
**Am** **G**  
How they burn out one by one  
**Am** **G**  
until another day is through.  
**C** **F**  
You came by when I was sleeping  
**C** **F**  
to unveil your newest plan.  
**Am** **G**  
We could get to know each other  
**Am** **G**  
in the back seat of your van tonight.

Chorus:

**Am** **G**  
Angels sing around you  
**Am** **G**  
in a chorus all night long,  
**Am** **G**  
and you transcribe their expressions  
**Am** **G**  
in the morning with a song about it.

**C** **F**  
A little swallowed hole and spat back  
**C** **F**  
up on solid ground.  
**Am** **G**  
I m the Jonah at the party  
**Am** **G**  
and you re nowhere to be found.  
**C** **F**  
So it s you and me St. Patrick s day  
**C** **F**  
and our unlikely plan.  
**Am** **G**  
We could get to know each other  
**Am** **G**

in the backseat of your van tonight.
