

Yele
Wyclef Jean

Verse

A E Bm Bm then A E Bm D

A E Bm Bm then A E D D

Chorus (Yele, Yele, Yele)

A E Bm Bm again A E Bm Bm

A E Bm D then A E D D

I think this is slightly more accurate.
though the Bm n D are relative. The changes
are deliberate. Quality reggae progressions
are always like this For instance, u can t
find much right Bob Marleytab cuz Even though
it maybe a four chord progression. One will
always get left out and another doubled up
somewhere.
