VERSE 1:

**Dm C G**  
I can feel what I was waiting for...

**Dm C G**  
Since that day I don t need more!

**Dm C G**  
My past life has gone away,

**Dm C G**  
I ve left behind me immortality.

**F C Dm**  
Now I m free to make my way,

**F C Dm**  
down on Earth I will now stay.

**Am G C F**  
Heaven s crying, they ve lost one of them,

**Am G Dm**  
but I m not far and I ll be back.

CHORUS:

**Am F**  
Cause I m no more an angel no!

**Dm F G Am F G**  
But a human fallen from paradise this rainy day.

**Am F**

And I m no more an angel no!

**Dm F G Am F G**

I m feeling alive like I ve never been before...

VERSE 2:

**Dm C G**  
What could it be? This strange feeling

**Dm C**  
that made me come down here...

**G F C Dm**  
Is it love Honey? At your side, forever I will stay,

**F C Dm**  
and we ll travel together until the end.

**Am G C F**  
But she s white and cold and has slept for 3 days...

**Am G Dm**  
Will I save her now that

CHORUS:

(same chords than previous chorus)  
I m no more an angel no!  
What will I do, now that you re no longer there?  
And I m no more an angel no!  
My life is nonsense if you re far away from me...

And I m just a lonely human...  
Heaven s rain has brought me to this place.  
And I m just a lonely human...  
Only waiting to go back up there... to paradise.
