Letra: Andrio Mello Garcia

Every Land has a cost to the sea
Where the men goes to infinity
Brave new world just like me

Every man has a fate to face
In those eyes you ll see
His destination is unknown

Every Land has life to bleed
You ll see it now cause I ll show
Take my hand and now we go

Refrão:2x

Can you feel my Heart?
Awakening maybe
There s nothing true but I ll find

In the Land where the fire burns
Nothing more can save you
Nothing more but only hope

Shall one more gotta face it s fate?
Will be show in their eyes?
Can t you see what s going on?

That s the time to choose your way
Can t you come with me
Step ahead and now we go

Refrão:4x

Can you feel my Heart?
Awakening maybe
There s nothing true but I ll find

To reach it through my life
I wanna see your soul
