XXXTENTACION

Dm **C** **G**
The pain in my heart just won t end

Dm **C** **G**
The words that I find just don t seem to compare

Dm **C** **G**
Awaiting my death in the end

Dm **C** **G**
Alone, I must seek out the end to begin

Dm
So nobody wants death

C **G**
Cause nobody wants life to end

Dm
I m the only one stressed

C **G**
I m the only one tired of having fake friends

Dm **C** **G**
Put the noose on my neck and the hole in my back, again

Dm
I ve been waiting on death with a smile on my face

C **G**
This is the end

Dm **C** **G**
Waste of tears

Dm **C** **G**
Waste of years and months

Dm **C** **G**
Faced my fears

Dm **C** **G**
Loving her for once

Dm **C**
Hurt me

G **Dm** **C** **G**
Break my heart

Dm **C**
Worthless

G **Dm** **C** **G**
Can t keep love at all

Dm **C**
Spinning,

G **Dm** **C** **G**
Twist myself

Dm **C**
Worthless

G **Dm** **C** **G**
Can t keep love at all

At all
