

**Au-Dessous Du Volcan**  
**Yann Tiersen**

Well, more tinkering around with Yann Tiersen stuff has lead me to want to learn the chords to this n here. I actually prefer playing the bass part, oddly enough, but since I couldn't find any chord tabs of it, I figured I'd be the one to do it.

**Bm D Bm D Bm D**

**Em C D D Em C D D**

**Bm D Bm D**

**Em C D D Em C D D**

**Em G/D D/F# C Em G/D D/F# C**

**Bm D Bm D**

**Em C D D Em C D D**

**Bm D Bm D**

**Em C D D Em C D D**

**Em G/D D/F# C Em G/D D/F# C**

**Em G/D D/F# C Em G/D D/F# C** (hold chord, arpeggio to **Em**)

Note: For the **Em G/D D/F# C** sections,  
on the **C** chord, alternate from **C** to **C/B** back to **C**)
