

## Monochrome

Yann Tiersen

[Verse 1]

**Bm** **D** **A** **G**  
Anyway, I can try anything, it s the same circle that leads to nowhere, and I m  
tired now  
**Bm** **D** **A** **G**  
Anyway, I ve lost my face, my dignity, my look, everything is gone, and I m  
tired now  
**Bm** **D** **A** **G**  
Don t be scared, I found a good job, and I go to work  
**Bm** **D** **A** **G**  
Everyday on, my old bicycle you loved

[Verse 2]

**Bm** **D** **A** **G**  
I am piling up some unread books under my bed, and I really think I ll never  
read again  
**Bm** **D** **A** **G**  
No concentration just a white disorder everywhere around me, you know, I m so  
tired now  
**Bm** **D** **A** **G**  
Don t worry, I often go to dinners and parties  
**Bm** **D** **A** **G**  
With some old friends who care for me, take me back home and stay

[Chorus]

**G** **Bm** **G** **Bm**  
Monochrome floors, monochrome walls  
**D** **A** **G** **Bm** **D** **A** **G** **Bm**  
Only absence near me, nothing but silence around me  
**G** **Bm** **G** **Bm**  
Monochrome flat, monochrome life  
**D** **A** **G** **Bm** **D** **A** **G** **Bm**  
Only absence near me, nothing but silence around me

[Verse 3]

**Bm** **D** **A** **G**  
Sometimes I search an event or something to remind me, but I ve really got  
nothing in mind  
**Bm** **D** **A** **G**  
Sometimes I open the windows and listen people walking in the down streets,  
there is life out there  
**Bm** **D** **A** **G**  
Don t be scared, I found a good job, and I go to work  
**Bm** **D** **A** **G**  
Everyday on, my old bicycle you loved
