

**Turn Into**  
**Yeah Yeah Yeahs**

**C**                    **Am**            **Em**  
I know, what I know, I know

**G**

On the car ride down

**C**    **Am**  
I hear it in my head real low

**Em**  
Turn into

**G**    **C**  
The only thing I ever--

**Am**  
Turn into

**Em**  
Hope I do

**G**  
Turn into you

**C**                    **Am**            **Em**  
I know, what I know, I know

**G**

That girl you found

**C**    **Am**  
Keeps that kind of window closed

**Em**

She ll turn into

**G**    **C**  
The only thing you ever--

**Am**  
turn into

**Em**  
Hope I do

**G**  
Turn into you

Bridge: **Am, F, C, Em**

**Am**  
Can t say why I kept this from you

**F**  
My those quiet eyes become you

**C**  
Leave it where it can t remind us

**G**  
Turn this all around behind us

**Am**                    **F**  
Oh! Well I know!

**C**

I ll fall right in to keep you out

**G**

I d like to tell you all about it

**C**                    **Am**            **Em**

I know, what I know, I know

**G**

It s last time around

**C**

**Am**

I ll hear it in my head real low

**Em**

Turn into

**G**

The only thing you ever know

**Am**

**C**

**Em**

I know, what I know, I know

**G**

Ah yes.
