

**Ready For You  
Years & Years**

**Fm** **Ab**

See the colour of your eyes

**Eb**

Make your body move like mine

**Cm**

Then I showed you what to do

**Fm**

I made it easier for you

**Ab**

You ve got another boy to lose

**Eb**

But does he want you like I do?

**Cm**

I bet you ve seen it all before

**Fm**

I bet you always wanted more

**Ab**

You and me, we ll make it serious now

**Eb**

And I ll be good if you can tell me how

**Cm**

Cause I been wondering lately

**Bb**

Are you the one that s gonna hold me down?

**Fm Eb**

**Bb Cm**

Can you tell me, oh, and would you lead me on?

**Fm**

**Eb**

**Bb Cm**

Would you start me over? I m ready to be torn apart

**Fm Eb**

**Bb Cm**

And oh, and would you break my heart?

**Fm**

It s the way that I was made

**Cm**

I refuse to tread the line

**Fm**

Cause I m happier tonight

**Ab**

If you want my love to kill

**Eb**

I can give you love to fill

**Cm**

Never asking, never lie

**Fm**

And you never have to hide

**Ab**

You and me, we ll make it serious now

**Eb**

And I ll be good if you can tell me how

Cause I been wondering lately
