

Rendezvous

Years & Years

Dm
Blue, blue, blue

C
Bluer than the night

Dm **C**
You can't change the colour of your pretty eyes

Dm
But I, I, I

C
I have seen the clues

Dm **C**
Leaving something dirty on me, like tattoos

A# **Dm**
Do I have to keep you safe and warm tonight?

A# **Dm**
Didn't no one ever teach you wrong from right?

A# **Dm** **A#**
I don't wanna be something objectified

Dm
Listen, baby, it's you

C
How you gonna keep afloat?

G#m
Baby, it's true

Am
Water's rising, then I choke

Dm **C**
Now I think you're losing something critical

G#m **Am** **Dm**
Maybe our love is just a physical rendezvous

Dm
Shade, shade, shade

C
Shading in the lines

Dm **C**
I'm just staying steady whilst you're in disguise

Dm
Buy, buy, buy

C
Buy some extra time

Dm **C**
You can fool the world before they realize

A# **Dm** **A#**

I don't wanna be something objectified

Dm
Listen, baby, it's you
C
How you gonna keep afloat?
G#m
Baby, it's true
Am
Water's rising, then I choke
Dm **C**
Now I think you're losing something critical
G#m **Am** **Dm**
Maybe our love is just a physical rendezvous

Dm
Ooh
C **G#m**
So be a man and take my sympathy for granted
Am
Just take it, just take it, oh
Dm
Ooh
C **G#m**
Now wash your hands of all the little lies you planted
Am
Just take it, just take it, oh

As I remember, you told me the first time
Am
I was just your rendezvous
Oh

Dm
Listen, baby, it's you
C
How you gonna keep afloat?
G#m
Baby, it's true
Am
Water's rising, then I choke
Dm **C**
Now I think you're losing something critical
G#m **Am** **Dm**
Maybe our love is just a physical rendezvous
