

Stay At Home
Yellow Ostrich

Capo 2: All chords relative to capo

E **G** **A**
If I see you, and you know
 E
This has gone too far
E **G** **A**
Cause our romance, can only live behind
 E
All the walls there are

E
And we never can meet
 G
Oh we never can greet
 A **E**
We never can say hello
 E
Cause our bones are too weak
 G
To be sold on the street
 A **E**
To survive we must stay at home

(Same as first verse)
And I ll think of you, every other day
Just to throw them off
And I ll know you, by the color of your walls
In the beauty sky

(Same as first verse)
Cause out there, every little bird
Is shivering and cold, by this frightful air
And out there every little spark, quickly fading dark
From the strangers tail

(Same as chorus)
And we never can meet
Oh we never can greet
We never can say hello

Cause our bones are too weak
To be sold on the street
To survive we must stay at home

Inside, inside
