[Intro]

D

D **G**
I cannot hold this anymore

D **G**
My hands are tired of only waiting

D
to let go

Bm **G - Gm**
And I am waiting still

D **G**
I used to know which way to turn

D **G**
You were the light inside a tunnel

D
in my head

Bm **G**
I try to follow still

D **G**
I try to follow still

Bm **D**
It s hard to see you

G **D**
We are older now

D **Bm** **G** **D**
And when I find you, you just turn around

D **Bm** **G** **D**
This is a black and white of you I found

D **Bm** **G** **D**
I hang you up and then I pull you down

D **Bm** **G** **D**
I hang you up and then I pull you down

No more apologies from me
My arms are tired of picking up what I put down
You re all I think of still
I m gonna miss you every day
I turn my back on anyone who won t believe
And it gets lonely still
It gets lonely still

[Back to Chorus]

Memories of the light in your eyes

Can take me back in time

[Back to Chorus]

I don't hear music anymore

D Bm D
My ears are tired of all the pictures in the words

Cause you are in them still
