artist: Yes
title : Holy lamb (Song for harmonic convergence)
from the album : Big (generator)

-You might want to change to a lower key,
Jon Anderson s voice is one in a thousand, sort of...

Transcribed by Olav B. Holm
Submitted by Andreas Nilsen

[F#]Holy lamb
see the world we started
is it so l[D#m7]ow again
like a light that s lost up[C#]on the stage
so the more it sh[H]ines, it goes away

[F#]Surely then
see the curtain rising to show us [D#m7]once again
all the magic of the [C#]earth and the skies
see the more we find
[H]the more we realize

That [F#]every time
see the laws of nature keeps telling us
[D#m7]like A friend
it s the spirit of emotion [C#]dancing to the wind
high above
high above
so [Hmaj7]sure inspired again

I can tell a new [F#]story now
can we see through this mask of uncertainty
[D#m7]surely now
how can it be so hard when [C#]all there is to know
don t be afraid of letting go
it takes a [Hmaj7]loving heart
to see and show
this love
for our own ecology

[F#]Hold the light
hold the light

out of [D#m]love we ll come a long long
glorious way
at the [C#]start of every day
a child begins to play
and all we [Hmaj7]need to know
is that the future is a friend of yours
and mine

[F#] [D#m7] [C#] [Hmaj7] repeat / fade

Many a good hanging prevents a bad marriage
-Shakespeare
